Subject: M6H1 - Harvey Response: Water and Wastewater Phone Assessment Update 9-5-17
Date: Tuesday, September 5, 2017 3:20:40 PM

Cheryl,

We continue with our assessments.

There has been no change in our status since this morning.

The focus of our calls are in Harris County.

Most are call-backs for facilities where we have not yet completed an assessment, but to whom we have made calls.

Thank you

Juan
